State of the Town

A review of the past year indicates that it has been a year of contrasts. We note sadly the effects of the recession and the closure of several town businesses with the resultant loss of jobs. But, we also note some expansion of existing businesses and plans being made for new businesses. There were some foreclosures of subdivisions which were subsequently bought by new owners who have moved to complete the projects and offer the properties for sale again. While many larger towns bemoan the slow economy we note the huge turnaround in new housing starts in Moultonborough. While a large city like Concord was happy to see 44 new housing starts our town issued 70 new single family house permits, 1 two-family house permit and an apartment/garage permit for a total of 73 new units! These new starts are in comparison to 38 in 1991. Further review of statistics indicates that a total of 637 new housing permits have been issued since 1986. Reviewing the current sales of new lots indicates this growth will continue in the future.

This increase in construction results in more seasonal and permanent residents. And although new housing brings more tax income, it also means more demands for services, both commercial and municipal, more traffic, more roads, and more need for short and long range planning. We must not only take care of present needs but plan for future needs while still controlling costs. It is not an easy job but with proper analysis and forethought, we can accomplish this task.

The closure of the landfill and the planned conversion to a recycling facility by previous Boards of Selectmen is an example of what is necessary. The increased growth would have long outstripped the capability of the landfill to accept the higher demands of increased waste. Many towns are just beginning to address this problem. The reconstruction of existing roads, rather than frequent repaving is another example of proper planning for the expected increase in traffic. The construction of the new Highway Department Building, the expansion of the Moultonborough Neck Fire Station and the expansion of the library will help to meet the demands of growth.

Each departmental budget has been reviewed, item by item, to control increases while still providing the level of services demanded by residents and required by the growth of the Town. Expenditures made in 1992 were also studied to see whether or not further efficiencies could be included in the 1993 budget.

We attempt in the 1993 Town Budget to not only address the needs of the present, but also the future, while keeping in mind the effects of taxation. It is not an easy task faced with the growth of our Town.

Respectfully submitted
Allen R. Wiggin, Chairman
Board of Selectmen

Report of the Town Administrator

The past year allowed the gathering of more data and statistics upon which to base future plans. The operation of the Recycling Facility for the second full year provided startling comparisons with the previous year. The following comparative data was assembled:

Materials Processed				Increase/ Decrease/%	
ITEM	1991		1992		
Tires	23,643	Auto	2,881	-20,762	98%
	368	Trk	300	-68	18.5%
Scrap Metal	186,526 lbs		234,130 lbs	+47,604	25.6%
Aluminum cans	7,787 lbs		27,710 lbs	+19,923	255.8%
Steel cans	22,528 lbs		69,028 lbs	+46,500	206.4%
Glass (Est)	40 tons		65 tons	+25	6.25%
Solid Waste	561.48 tons		588.67 tons	+27.19	4.8%
Users	35,573		35,798	+225	0.63%

Residents are to be congratulated on their efforts to remove recyclables from the municipal waste that is compacted and transferred to the SANCO Landfill in Bethlehem, N.H. Every ton of material removed and recycled saves \$46.00 per ton tipping fees plus transportation. And any money received for recyclables directly reduces operating costs. Total income for the facility was \$19,796.

With the completion of the Recycling Building and installation of a baler we will begin baling cans, newspapers, plastics, cardboard and magazines for recycling.

The processing of old furniture and bedding is getting to be quite a problem. We must disassemble old furniture and mattresses to separate the metal and wood. These items cannot be shipped to SANCO without being broken down. We have added part time help to process these items. This, although adding to the cost of the operation, reduces tipping fees at SANCO.

The closure of the landfill area is in the conceptual planning stage and meetings have been held with N.H. Department of Environmental Services. Surrounding wetlands have complicated the issue and alternatives are being studied to reduce closure costs. This is a priority issue and I have devoted much time to this matter as EPA rules keep changing making closures more

complicated and expensive. Review and approval by Department of Environmental Services is a long and involved process.

The growth of the Town is also a concern. We are able to keep track of the number of homes being built but need a good count of the number of seasonal residents and year round residents as these numbers have a direct impact on services, budgeting, planning and manpower. I will address this with the Selectmen to try to resolve this issue.

As a direct result of growth we are receiving more requests for services. Additional requests for plowing and sanding of private roads come in as more summer residents become year round residents.

In addition to the new housing starts that we can account for there are numerous renovations of seasonal residences to year round residences that also impact service demands.

The change in the economy has affected town assessments and we must address a total revaluation of the town. This is an expensive undertaking that must be monitored carefully to produce fair and equitable assessments. Many towns are similarly affected, but the continued growth of Moultonborough further complicates this issue. We have used the services of a N.H. certified appraiser to review assessments and represent the Town at Land and Tax appeal hearings. This professional service should assist the Town in settling any challenges. However, when the revaluation is completed we should consider a computer program that would allow keeping the assessments current with property value fluctuations thus reducing the need for complete, expensive revaluations. Further study will be conducted on this matter during 1993.

Although the economy failed to improve in 1992, concentrated effort was made by Linda Lianos, Welfare Director, to reduce the amount expended for General Assistance from \$111,169 in 1991 to \$95,072 in 1992, a reduction of 14.5%. Further effort will be made to reduce this expense and creation of new local jobs will help to further reduce this cost.

As your Town Administrator each year has provided me with additional insight into the current and future requirements of a growing, vibrant municipality. Preserving the "rural beauty" while planning for the future is an exciting and demanding challenge!

Respectfully submitted,
Donald J. Morgado
Town Administrator

Annual Town Meeting Minutes

March 10, 1992
March 11, 1992

The meeting was called to order at 9:00 in the forenoon of March 10, 1992 in the Moultonborough Academy by Moderator Mel Borrin who read the warrant.

ARTICLE 1

A motion was made by Ernest Davis 2nd by Allen Wiggin to keep the polls open until 7:00 PM March 10, 1992. This was voted in the affirmative.

Balloting proceeded immediately, ballot resulting as follows:

Votes Cast 869

For Selectmen For Three Years:

Ernest E. Davis Jr.	489
William C. Tolman	355

For Library Trustee For Three Years:

Robert A. Scofield	661
Barbara Sheppard	677
Richard A. Wakefield	732

For Trustee of Trust Funds For Three Years:

J. Gerald (Jerry) Ingham	736
--------------------------	-----

For Moderator For Two Years:

Mel Borrin	701
------------	-----

For Supervisor For Six Years:

Sally G. Carver	710
-----------------	-----

The following articles 2, 3, 4 and 5 voted on the official ballot. Results as follows:

ARTICLE 2

To see if the Town will vote to amend Article V A of the Zoning Ordinance of the Town of Moultonborough dealing with Signs by deleting directly after Town of Moultonborough in the first sentence the words “or be visible from outside of any structure in the Town of Moultonborough” and to add directly

after “any property” in the first sentence “or outside of any structure” so the first sentence would then read, “No sign or advertising device shall be erected or placed on any property OR OUTSIDE OF ANY STRUCTURE in the Town of Moultonborough or be affixed to a vehicle and allowed to remain on the premises with intent to serve as a sign without a permit.” This change is recommended by the Moultonborough Planning Board and Board of Selectmen.

YES 408

NO 265

This article was voted in the affirmative.

ARTICLE 3

To see if the Town will vote to amend Article VI A of the Zoning Ordinance of the Town of Moultonborough dealing with Other Uses by inserting the words “each of” between the words “with these” in the paragraph directly under Article VI Other Uses A(7). The sentence would then read, “The applicant shall have the burden to demonstrate substantial compliance with EACH OF these conditions.” This change is recommended by the Moultonborough Planning Board and Board of Selectmen.

YES 569

NO 186

This article was voted in the affirmative.

ARTICLE 4

To see if the Town will vote to amend Article VII Miscellaneous B of the Zoning Ordinance of the Town of Moultonborough dealing with Nonconforming Uses and Properties by adding the paragraph “NONCONFORMING LOTS IN EXISTENCE AT THE TIME OF ADOPTION OF THIS ORDINANCE SHALL BE CONSIDERED ELIGIBLE FOR A BUILDING PERMIT WITHOUT APPLICATION FOR APPROVAL OF A VARIANCE FROM ZONING BOARD OF ADJUSTMENT SO LONG AS ALL OTHER REQUIREMENTS FOR ISSUANCE OF A BUILDING PERMIT ARE MET.” This paragraph to be added directly above the paragraph, “Nonconforming lots which are contiguous and under the same ownership may be developed only with the adjacent lot(s).” This change is recommended by the Moultonborough Planning Board and Board of Selectmen.

YES 561

NO 192

This article was voted in the affirmative.

ARTICLE 5

Are you in favor of changing the BOCA Basic National Building Code/1984 as amended, as established by the Building Officials and Code Administrators International, Inc. adopted by the Town on March 11, 1986 as provided under RSA 674:52 to the BOCA Basic National Building Code/1990, as amended, as established by the Building Officials and Code Administrators International,

Inc. Change to bring the Town Code in compliance with other Federal and State Codes. This change is recommended by the Moultonborough Planning Board.

YES 565

NO 190

This article was voted in the affirmative.

Also an “OPINION POLL” was taken at this time. Resulting as follows:

Are you in favor of the Moultonborough Planning Board pursuing the feasibility of District Zoning for the Town of Moultonborough?

YES 367

NO 354

At this time the Moderator recessed the meeting until 7:00 o'clock in the afternoon of March 12, 1992.

The Meeting was recalled to order at 7:00 PM in the afternoon in the Moultonborough Academy Auditorium by Mel Borrin who proceeded with Article 6 of the Warrant.

ARTICLE 6

On a motion of Ernest Davis 2nd by Richard Plaisted voted to raise and appropriate such sums of money as may be necessary to repair Highways and Bridges in said Town. The sum of \$291,400 (Two hundred ninety-one thousand and four hundred dollars) was raised under this article. This article was voted in the affirmative.

ARTICLE 7

On a motion of Fred Mollins 2nd by Richard Buckler voted to raise and appropriate the sum of Ten thousand dollars (\$10,000.00) to be put in the Trust Fund to be expended for the purchase of Highway Equipment. This article was voted in the affirmative.

ARTICLE 8

On a motion of Richard Buckler 2nd by David Perkins voted to raise and appropriate the sum of Twenty thousand dollars (\$20,000.00) to be put in the Trust Fund to be expended for the purchase of Fire Fighting Equipment. This article was voted in the affirmative.

ARTICLE 9

On a motion of Richard Buckler 2nd by Richard Plaisted voted to raise and appropriate the sum of Fifteen thousand dollars (\$15,000.00) to purchase a new Cascade Air System for the Fire Department. After long discussion this article was voted in the affirmative.

ARTICLE 10

On a motion of Richard Buckler 2nd by Richard Plaisted voted to raise and appropriate the sum of Thirty one thousand eighty-eight dollars (\$31,088.00) for the purchase of two (2) police cruisers. One (1) cruiser to be Fifteen thousand six hundred sixty-two dollars (\$15,662.00), the other Fifteen thousand four hundred twenty-six dollars (\$15,426.00). This article was voted in the affirmative.

ARTICLE 11

On a motion of Richard Buckler 2nd by Richard Plaisted voted to raise and appropriate the sum of Fourteen thousand seven hundred fifty dollars (\$14,750.00) to build a salt shed at the Highway Department area.

A hand vote was taken

YES 82

NO 30

This article was voted in the affirmative.

ARTICLE 12

On a motion of Richard Wakefield 2nd by Richard Buckler voted to raise and appropriate the sum of Three thousand three hundred ninety dollars (\$3,390.00) for the Carroll County Mental Health Service.

This article was voted in the affirmative.

ARTICLE 13

On a motion of Annette Rowland 2nd by Richard Plaisted voted to raise and appropriate the sum of \$774.00 in support of Carroll County Against Domestic Violence and Rape's shelter for battered women and children.

This article was voted in the affirmative.

ARTICLE 14

On a motion of Richard Buckler 2nd by William Finer voted to raise and appropriate the sum of One thousand one hundred dollars (\$1,100.00) to support Hospice of Southern Carroll County.

This article was voted in the affirmative.

ARTICLE 15

On a motion of Richard Buckler 2nd by Fred Mollins voted to raise and appropriate the sum of Two thousand five hundred eighty-four dollars (\$2,584.00) to maintain and continue the system of services of the Inter-Lakes Day Care Center.

This article was voted in the affirmative.

ARTICLE 16

On a motion of Richard Buckler 2nd by William Finer voted to raise and appropriate the sum of Four hundred ten dollars (\$410.00) for the Family

Health Centre for Prenatal and Family Planning Programs.
This article was voted in the affirmative.

ARTICLE 17

The Moderator read the article: To see what sum of money the Town will vote to raise and appropriate for Huggins Hospital. A motion was made by Richard Wakefield to raise and appropriate the sum of Two thousand dollars (\$2,000.00) for the Huggins Hospital. Richard Buckler 2nd the motion. An amendment was proposed by Harold Mohr to add Two thousand dollars (\$2,000.00) for the Lakes Region Hospital. 2nd by Richard Plaisted. A hand vote was taken

YES 84 NO 47

The amendment was voted in the affirmative. The Moderator read the article as amended, to raise and appropriate for the

Huggins Hospital	\$2,000.00
Lakes Region Hospital	\$2,000.00

This article was voted in the affirmative.

ARTICLE 18

On a motion of Richard Buckler 2nd by David Rossetti voted to raise and appropriate the sum of One thousand collars (\$1,000.00) for financial support of the Greater White Mountain Chapter of the American Red Cross.
This article was voted in the affirmative.

ARTICLE 19

On a motion of Richard Plaisted 2nd by Joel Mudgett voted to raise and appropriate the sum of Three thousand one hundred dollars (\$3,100.00) for support of the Community Action Outreach Program.
This article was voted in the affirmative.

ARTICLE 20

On a motion of Robert Hammond 2nd by Richard Buckler voted to raise and appropriate the sum of One thousand two hundred seventy-five dollars (\$1,275.00) to purchase two (2) rescue boards for the Recreation Department.
This article was voted in the affirmative.

ARTICLE 21

On a motion of William Finer 2nd by Richard Buckler voted to approve the budget as printed in the Town Report, subject to any changes at this meeting. Total appropriation Two million eight hundred twenty-six thousand and six hundred and sixty dollars and no cents (\$2,826,660.00).
This article was voted in the affirmative.

ARTICLE 22

On a motion of David Perkins 2nd by Fred Mollins voted to authorize the Selectmen to apply for, receive and expend Federal and State grants which may become available during the course of the year, in accordance with RSA 31:95-b and also to accept and expend money from any other governmental unit or private source to be used for purpose for which the municipality may legally appropriate money.

This article was voted in the affirmative.

ARTICLE 23

On a motion of Richard Buckler 2nd by Fred mollins voted to authorize the Selectmen to dispose of property acquired by Tax Collector Deeds, by means of sealed bids or public auction, to the best advantage of the Town. This article was voted in the affirmative.

ARTICLE 24

On a motion of William Finer 2nd by Fred Mollins voted to authorize the Selectmen to borrow money in anticipation of taxes for the current year maintenance and operating expenses and that the Selectmen be authorize to issue notes therefore, which notes are to be paid out of tax receipts of the current year by Acts of 1953 and any amendments thereto.

This article was voted in the affirmative.

ARTICLE 25

On a motion of William Finer 2nd by Richard Plaisted voted to authorize the Conservation Commission to retain the unexpended portion of its 1992 appropriation, said funds to be placed in a special conservation fund in accordance with RSA 36:A:5.

This article was voted in the affirmative.

ARTICLE 26

On a motion of Richard Patten 2nd by Fred Mollins voted to adjourn at 8:30 PM as there was no further business.

The Officers having been elected took the Oath of Office, as prescribed by Law.

Marguerite L. Gruner, Town Clerk

A true copy, attest:

Marguerite L. Gruner, Town Clerk

Town of Moultonborough

Town Warrant for 1993

State of New Hampshire

To the inhabitants of the Town of Moultonborough in the County of Carroll, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Moultonborough Academy in said Moultonborough on Tuesday the 9th day of March, 1993 at nine of the clock in the forenoon to act upon Articles 1 thru 6 of the Warrant. The polls will close no earlier than 7:00 P.M.

Article 7 and the remaining articles of the Warrant to be taken up on Wednesday, March 10, 1993 at 7:00 P.M. at the Moultonborough Academy.

ARTICLE 1

To choose by ballot and major vote: One (1) Selectman for three (3) years, one (1) Town Clerk for three (3) years, one (1) Tax Collector for three (3) years, two (2) Library Trustees for three (3) years, one (1) Trustee of Trust Funds for three (3) years, and such other Officers and Agents as the voters may deem necessary.

ARTICLE 2

To see if the Town will vote to amend the zoning ordinance of the Town of Moultonborough, paragraph A of Article V (Signs) by omitting in the middle of the paragraph the following language: "An application for a sign permit shall include the site location, the sign size, the method of illumination, if any, and the types and colors of materials to be used in construction," and to add two (2) numbered paragraphs immediately following paragraph A of Article V as follows:

(1) Permanent Signs - An application for a permanent sign permit shall include the site location, the sign size, the method of illumination, if any, and the types and colors to be used in construction. Permanent illuminated signs must comply with the provisions of Section 600 of the National Electric Code.

(2) Temporary Signs - An application for a temporary sign permit shall include the site location, the sign size and the dates of display in accordance with paragraph H, below.

ARTICLE 3

To see if the Town will vote to amend the Zoning Ordinance of the Town of Moultonborough, Article V B by omitting the word "Exemptions:" in the introduction to the paragraph, and replacing it with the following language: "The following signs are allowed, and are exempt from the sign permit procedures."

ARTICLE 4

To see if the Town will vote to replace Article V B (3) of the Zoning Ordinance of the Town of Moultonborough with the following provision: "Signs for non-profit organizations, charities, and service organizations, provided said signage is not commercial in nature. These signs shall be non-illuminated."

ARTICLE 5

To see if the Town will vote to replace Article V H of the Zoning Ordinance of the Town of Moultonborough with the following provisions: "Temporary signs other than those exempted in B above shall require a permit, and may be permitted on the same parcel up to four (4) times each calendar year for periods not exceeding fifteen (15) consecutive days. Temporary signs shall not exceed twelve (12) square feet per side. These signs shall be non-illuminated."

ARTICLE 6

To see if the Town will vote to amend the Zoning Ordinance of the Town of Moultonborough Article VI A by adding the following sentence at the end of the first paragraph: "Any proposed change of use of any existing use of commercial property shall require approval by the Moultonborough Planning Board under the provisions of Site Plan Review, and a substantial change in use or a change to a different use may require approval by the Moultonborough Zoning Board of Adjustment of a new or amended Special Exception."

***ARTICLE 7**

To raise and appropriate such sums of money as may be necessary to repair Highways and Bridges in said Town.

***ARTICLE 8**

To see if the Town will vote to raise and appropriate the sum of Ten thousand dollars (\$10,000.00) to be put in the Trust Fund to be expended for the purchase of Highway Equipment.

***ARTICLE 9**

To see if the Town will vote to raise and appropriate the sum of Twenty thousand dollars (\$20,000.00) to be put in the Trust Fund to be expended for the purchase of Fire Fighting Equipment.

***ARTICLE 10**

To see if the Town will vote to raise and appropriate the sum of Seventeen thousand four hundred seventy-nine dollars (\$17,479.00) to purchase and equip one (1) police cruiser.

ARTICLE 11

To see if the Town will vote to purchase a new Fire Truck for a sum not to exceed One hundred eighty-four thousand one hundred twenty dollars (\$184,120.00).

***ARTICLE 12**

To see if the Town will vote to authorize the Selectmen to withdraw from the Capital Reserve Fund, a Trust Fund for the purchase of firefighting equipment, the sum of One hundred twenty-four thousand one hundred twenty dollars (\$124,120.00) to be used as part payment for the new Fire Truck voted in Article 11, and further vote to raise and appropriate the sum of Sixty thousand dollars (\$60,000.00) out of current year's appropriations, to complete payment of the Fire Truck voted in Article 11.

***ARTICLE 13**

To see if the Town will vote to authorize the Selectmen to enter into a three (3) year contract with Stewart's Ambulance Service in conjunction with the Towns of Meredith, Center Harbor, and Sandwich, to guarantee emergency ambulance service for the Town from April 1, 1993 through March 31, 1996 and further vote to raise and appropriate the sum of One hundred twelve thousand one hundred fifty-seven dollars (\$112,157.00) to fund the contract through December 31, 1993.

***ARTICLE 14**

To see if the Town will vote to raise and appropriate the sum of Sixty-five thousand dollars (\$65,000.00) for the purchase of 14± acres of land, Tax Map 72 Lot 4, known as the Noonan property abutting the present Town Office property at Berry Pond and New Hampshire Route 25.

ARTICLE 15

To see if the Town will vote to raise and appropriate, out of current year's appropriations, the sum of Two hundred eighty thousand dollars (\$280,000.00) for architectural design, site preparation, and construction of a Town Police Station on land owned by the Town of Moultonborough.

ARTICLE 16

To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for acquiring or construction of a Police Station.

ARTICLE 17

To see if the Town will vote to raise and appropriate the sum of One hundred thousand dollars (\$100,000.00) to be put in a Trust Fund to be expended for acquiring or construction of a Police Station.

***ARTICLE 18**

To see if the Town will vote to raise and appropriate the sum of Five thousand six hundred dollars (\$5,600.00) for the purchase of a computer and equipment for the Moultonborough Visiting Nurse Service so as to enable the Moultonborough Visiting Nurse Service to become Medicare certified and be able to provide care for patients covered by Medicare and other insurance programs.

***ARTICLE 19**

To see if the Town will vote to raise and appropriate the sum of Eight thousand five hundred dollars (\$8,500) for the purchase and installation of computer hardware and software necessary to allow the Town Clerk's office to process registrations, licenses, permits, and cash transactions by computer.

ARTICLE 20

To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for reappraisal by appraisers of the Department of Revenue Administration or such other appraisers, appraisal firms or corporations approved by the Commissioner of Revenue Administration, of the real estate in the Town of Moultonborough for tax assessment purposes.

***ARTICLE 21**

To see if the Town will vote to raise and appropriate the sum of One hundred thousand dollars (\$100,000.00) to be put in a Trust Fund to be expended for Town reappraisal as outlined in Article 20.

ARTICLE 22

"To see if the Town of Moultonborough will approve the sum of \$3,100.00 for the Community Action Program." (By Petition)

ARTICLE 23

"To see if the Town will raise and appropriate the sum of \$3,498.00 to assist Carroll County Mental Health Services." (By Petition)

ARTICLE 24

"To see if the Town of Moultonborough will vote to raise and appropriate the sum of Three hundred twenty-seven dollars (\$327.00) for the Family Support Program of the Center of Hope." (By Petition)

ARTICLE 25

"To see if the Town will vote to raise and appropriate the sum of \$2,584.00 to maintain and continue the system of services of the Inter-Lakes Day Care Center." (By Petition)

ARTICLE 26

To see if the Town will “vote to raise and appropriate the sum of \$1,100.00 (eleven hundred dollars) in support of Hospice of Southern Carroll County, whose services are provided to the citizens of Moultonborough at no cost.” (By Petition)

ARTICLE 27

“To see if the Town will vote to raise, and appropriate, the sum of \$1,000.00, at the 1993 Town Meeting, to be granted to the Greater White Mountain Chapter of the American Red Cross.” (By Petition)

ARTICLE 28

“To see if the Town will raise and appropriate the sum of \$423.00 to assist the Family Health Center.” (By Petition)

ARTICLE 29

“Huggins Hospital requests an annual donation of \$2,000.00 in support of hospital services provided to Moultonborough residents. The following signed petitioners support this request.” (Twenty-nine (29) signers). Warrant Article March 1993.” (By Petition)

ARTICLE 30

To see if the Town will vote to discontinue that certain section of the Sibley Road, so-called, no longer used beginning at a point about 830 feet northeasterly of the Bean Road and running past the Richard P. Molburg residence to a point southeasterly of said residence where it rejoins the previously relocated section of said highway. Reference may be had to a plan entitled “Town of Moultonboro, N.H. Plan of 33’ R.O.W. Over Lands of Kelly and Dever” dated 4-26-62 by R.B. Merriman, surveyor as recorded in the Carroll County Registry of Deeds plan book 6 page 67. The Kelly house shown on said plan is now owned by said Molburg, and further vote to authorize the Selectmen to convey that discontinued section of the Sibley Road to Richard P. and Cynthia J. Molburg.

ARTICLE 31

To see if the Town desires to participate with the State of New Hampshire, Department of Transportation, to install a traffic signal light at the junction of Moultonborough Neck Road and New Hampshire Route 25 for a Town cost not to exceed Eighty thousand dollars (\$80,000.00) and further to raise and appropriate the sum of Thirty thousand dollars (\$30,000.00) from current year’s appropriations towards such traffic signal installation.

ARTICLE 32

To see if the Town will vote to approve the budget as printed in the Town Report, subject to any changes at this meeting.

ARTICLE 33

To see if the Town will vote to authorize the Selectmen to apply for, receive and expend Federal and State grants which may become available during the course of the year, in accordance with RSA 31:95-b and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the municipality may legally appropriate money.

ARTICLE 34

To see if the Town will vote to authorize the Selectmen to dispose of property acquired by Tax Collector Deeds, by means of sealed bids or public auction, to the best advantage of the Town or as justice may require.

ARTICLE 35

To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes for the current year maintenance and operating expenses and that the Selectmen be authorized to issue notes therefore, which notes are to be paid out of tax receipts of the current year by Acts of 1953 and any amendments thereto.

ARTICLE 36

To see if the Town will vote to authorize the Conservation Commission to retain the unexpended portion of its 1993 appropriation, said funds to be placed in a special conservation fund in accordance with RSA 36:A:5.

ARTICLE 37

To transact any other business that may legally come before said Meeting.

*Included in Budget

Given under our hands and seals this 18th day of February A.D. 1993.

Allen R. Wiggin, CH

INDEPENDENT AUDITOR'S REPORT

Board of Selectmen
Town of Moultonborough, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Moultonborough, New Hampshire, as of and for the year ended December 31, 1992, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Moultonborough, New Hampshire, as of December 31, 1992, and the results of its operations and cash flows of its Nonexpendable Trust Funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The individual fund statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Moultonborough, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements, and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS

December 31, 1992

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Moultonborough, New Hampshire, (hereinafter referred to as the "Town" or "government") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the GASB's generally accepted accounting principles applicable to the Town, and the Town's conformity with such principles, are described below.

A. THE REPORTING ENTITY

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP. The basic - but not the only - criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters.

A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities.

Based upon the application of these criteria, the following is a brief review of each potential component unit addressed in defining the government's reporting entity.

Excluded from the Reporting Entity:

Police, Fire and Nurse Service Auxiliary Accounts. The Board of Selectmen has determined that the auxiliary activities of the Police and Fire De-

partments and the Nurse Service are not within the jurisdiction of the Town of Moultonborough. The Town of Moultonborough provides no funding to the auxiliaries, does not hold title to any of the auxiliaries assets, nor does the Town have any right to any auxiliary surpluses.

Moultonborough School District. This potential component unit is not part of the Town's Reporting Entity because the Town exercises no oversight responsibility over and has no accountability for fiscal matters of the School District. The School District's Board Members are elected directly by the voters of the District; the Town cannot significantly influence the School District's operations; the School District voters have sole budgetary authority; and, the School District controls surpluses and deficits.

B. FUND ACCOUNTING

The government uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds are classified into the following three categories:

Governmental Funds
Proprietary Funds
Fiduciary Funds

Each fund category, in turn, is further divided into separate "fund types," described as follows:

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (**special revenue funds**), and the acquisition or construction of general fixed assets (**capital projects funds**). The general fund is used to account for all activities of the general government not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (**enterprise funds**) or to other departments or agencies primarily within the government (**internal service funds**). The Town had no proprietary funds to report on for the year ended December 31, 1992.

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the government.

When these assets are held under the terms of a formal trust agreement, either a pension trust fund, a nonexpendable trust fund or an expendable trust fund is used. The terms “nonexpendable” and “expendable” refer to whether or not the government is under an obligation to maintain the trust principal.

Agency funds generally are used to account for assets that the government holds on behalf of others as their agent. There were no agency funds to report on for the year ended December 31, 1992.

C. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus.

With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary funds and nonexpendable trust funds (when applicable) are accounted for on a flow of economic resources measurement focus.

With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

The modified accrual basis of accounting is used by all governmental fund types, expendable trust funds and agency funds.

Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due.

Those revenues susceptible to accrual are property taxes, special assessments, licenses, interest revenue and charges for services. Fines, permits and related revenues are not susceptible to accrual because generally they are not measurable until received in cash.

The accrual basis of accounting is utilized by proprietary fund types and nonexpendable trust funds.

Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The government reports deferred revenue on its combined balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures.

In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

D. BUDGETS

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary system in accordance with various legal requirements which govern the Town's operations. The budgets (all funds) of the Town are formally acted upon at the annual Town Meeting. The budgets adopted at Town Meeting are substantially on the basis required by, and consistent with, Generally Accepted Accounting Principles ("GAAP") and applicable State Statutes. At year end, all unencumbered "annual" appropriations lapse.

The N.H. Department of Revenue Administration ("NHDRA") utilizes the adopted budget, and other Town, School and County (and sometimes Precinct's) information, to set the municipal tax rate.

E. ENCUMBRANCES

Encumbrance accounting is utilized in the governmental funds to account for commitments relating to unperformed contracts for goods and services. Encumbrances outstanding at year end do not constitute expenditures or liabilities of the governmental fund, but are reported as a component of the fund balance and carried forward to supplement appropriations of the succeeding year.

F. CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash and Cash Equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the government.

Investments, if any, are stated at cost or amortized cost.

G. SHORT-TERM INTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "Due from Other Funds" or "Due to Other Funds" on the balance sheet.

H. TAXES COLLECTED FOR OTHERS

Property taxes collected by the Town include taxes levied for the School District and the County.

The Town is responsible for payments to the School District and County; regardless of the status of the collection of these taxes, which are remitted to the Town's Tax Collector as required by law.

The payments to the School District and County are presented in the General Fund as "Intergovernmental Transfers."

The amount reported as "Due to the School District" at December 31, 1992, represents the outstanding amount due to the School District for the remaining six-month period of the School District's Fiscal Year, which ends June 30, 1993.

The outstanding amount due has been fully accrued at year end in order to properly match the School District assessment to the period in which the resources funding the assessment (property tax levy) have been recognized. This practice is in accordance with the GASB letter ruling (more fully described in Note J) and in conformity with the regulatory requirements of the N.H. Department of Revenue Administration.

I. FIXED ASSETS

General fixed assets are not capitalized in the funds used to acquire or construct them. Instead, GAAP requires that capital acquisition and construction are reflected as expenditures in governmental funds, and the related assets are to be reported in the general fixed assets account group. All purchased fixed assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated

fixed assets are to be valued at their estimated fair market value on the date received. The changes in general fixed assets during the year ended December 31, 1992 were as follows:

	January 1	Additions	December 31
Land	\$ 155,652	\$115,823	\$ 271,475
Infrastructure	1,358,788	179,709	1,538,497
Building	737,927	75,480	813,407
Equipment	1,447,698	36,347	1,484,045
	<u>\$3,700,065</u>	<u>\$407,359</u>	<u>\$4,107,424</u>

J. PROPERTY TAXES

The Town is responsible for assessing, collecting and distributing property taxes in accordance with State Statutes. The property tax year, for assessment purposes, is from April 1 to March 31 (inventory of assessment at the beginning of the property tax year). Property taxes are billed, when utilizing the "semi-annual" method (RSA 76:15-a), in two installments based upon this assessed inventory value of property; installment one, considered an estimate only and based on one-half of the previous year's tax, is generally sent in late April or early May. The remainder of the taxes, calculated after the N.H. Department of Revenue Administration has set the tax rate and accepted related supporting regulatory reports, and net of the first installment amount already billed, is generally sent out as soon as possible after NHDRA notification in the fall. Interest is accrued at a rate of twelve percent (12%) on all taxes not paid on or before the due date, which is generally 30-days.

Property tax revenues are recognized when they are levied in accordance with the practices followed by other municipalities in New Hampshire; reserves for uncollected receivables are made at year end as more fully described in Note 2. This revenue recognition, and related receivable recognition, although not in accordance with Interpretation 3 of the National Council on Governmental Accounting ("NCGA #3), has been considered acceptable by the Governmental Accounting Standards Board in light of the required recognition at December 31st of the entire School District liability for the School District Fiscal Year Ending the following June 30th. Delinquent taxes, subject to the tax lien process (below) and recorded as "property taxes - unredeemed," are considered fully collectible unless reserved in Note 2.

The Town has adopted the tax lien process provisions as outlined in RSA 80:58-86. Significant aspects are:

Notice of Lien (RSA 80:60) - The Tax Collector gives notice of the impending lien at least 30 days prior to the execution of said lien. Notice is sent by certified or registered mail return-receipt requested, to the last known

post office address of the current owner, if known, or of the person against whom the tax was assessed. The notice states the name of the current owner, if known, or the person against whom the tax was assessed, the description and time on which the last payment shall be accepted, and the amount of the tax, interest, and costs to the date of executing the tax lien.

Affidavit of Execution of Real Estate Tax Lien (RSA 80:61) - An affidavit of the execution of the tax lien to the Town is delivered to the Town by the Tax Collector on the day following the last date for payment of taxes as stated in the notice given. The Tax Collector executes to the Town a 100 percent common and undivided interest in the property.

Report of Tax Liens (RSA 80:64) - The Tax Collector, within 30 days after executing the tax lien to the Town, delivers to the Register of Deeds of the County a statement of the facts relating to each parcel of real estate subject to lien, certified by him (her) under oath to be true.

Redemption (RSA 80:69) - Any person interested in land subject to a real estate tax lien may redeem the same by paying or tendering to the Tax Collector, at any time before a deed thereof is given, the amount of the real estate lien, with interest at 18 percent per annum upon the whole amount of the recorded lien from the date of execution to the time of payment in full, except that in the case of partial payments in redemption made under RSA 80:71, the interest shall be computed on the unpaid balance, together with redemption costs and costs for identifying and notifying the mortgagees, if any.

Tax Deed (RSA 80:76) - The Tax Collector, after 2 years from the execution of the real estate tax lien, executes to the lienholder a deed of the land subject to the real estate tax lien and not redeemed.

K. COMPENSATED ABSENCES - Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the general long-term debt account group. No expenditure is reported for these amounts. In accordance with the provisions of Statement of Financial Accounting Standards No. 43, Accounting for Compensated Absences, no liability is recorded for nonvesting accumulated rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that it is estimated will be taken as "terminal leave" prior to retirement.

Town Policy is to not allow employees to carryover, at year end, amounts for unpaid sick pay, vacations and other employee benefit amounts (compensated absences). Therefore, there is no liability for compensated absences at December 31, 1992.

L. LONG-TERM OBLIGATIONS

Long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations, and all long-term debt not currently due, is reported in the general long-term debt account group.

M. FUND EQUITY

Reserves represent those portions of fund equity not to be appropriated for expenditure or which are legally segregated for a specific future use. Designated fund balances represent tentative plans for future use of financial resources. The beginning unreserved Special Revenue Fund Balance has been increased by \$13,277 to reflect, (1.) amounts that the Library Trustees have set aside in separate special purpose passbook accounts and (2.) amounts held by the treasurer as road improvement escrow funds, also held in special purpose passbook accounts. Additionally, the ending Fund Balance includes a \$14,275 designation for the Library special purpose accounts.

N. INTERFUND TRANSACTIONS

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

O. MEMORANDUM ONLY - TOTAL COLUMNS

Total columns on the general purpose financial statements are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or cash flows in conformity with generally accepted accounting principles. Neither are such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2 - RECEIVABLES

Receivables at December 31, 1992, are comprised of the following:

Property Taxes, Uncollected	\$513,765
Taxes, Unredeemed	145,019
Other Taxes	3,005
Other Receivables	6,379
	<hr/>
Gross Receivables	668,168
Less: Allowance for Uncollectibles	(0)
	<hr/>
Net Total Receivables	<u>\$668,168</u>

NOTE 3 - CASH ON DEPOSIT AND INVESTMENTS

Deposits. At December 31, 1992, the carrying amounts and bank balances of the Town's cash deposits (cash and certificates of deposit) with financial institutions were as follows:

<u>Fund</u>	<u>Rate</u>	<u>Type</u>	<u>Carrying Amount</u>	<u>Bank Balances</u>	<u>Uninsured Potential</u>
General	3.25-4.3%	Time & Demand	\$2,311,205	\$2,366,945	\$2,066,945
Debt Service	4.25%	Time	37,610	37,610	0
Special Revenue	Var %	Demand	65,888	65,888	0
Capital Projects	3.73-4.3%	Time	51,888	51,888	0
Trust and Agency	Var %	Certificates and Time	301,713	301,723	25,260
			<hr/>	<hr/>	<hr/>
			\$2,768,304	\$2,824,054	\$2,092,205
			<hr/>	<hr/>	<hr/>

The Town Treasurer is authorized by State Statutes to invest excess funds, with the approval of the Selectmen, in obligations of the United States Government, in savings bank deposits or certificates of deposit of banks incorporated under the laws of the State of New Hampshire, or in national banks located within the states of New Hampshire or Massachusetts. Of the \$2,092,205 uninsured at December 31, 1992, \$1,200,000 is collateralized by U.S. Treasury Bills held, in the Towns name, by the pledging banks' safekeeping agent.

Investments. The Trustee of Trust Funds is authorized to invest funds in savings banks or trust departments incorporated under the laws of this state, in building and loan or cooperative banks incorporated under State laws, in federal savings and loan associations located in the state, in bonds, notes or other obligations of the United States government, legal obligations of political subdivisions, stocks and bonds. All trust fund investments are to be stated at cost.

NOTE 4 - LONG-TERM DEBT

General Obligation Debt. The government can issue general obligation debt instruments to provide funds for the acquisition and construction of major capital equipment, infrastructure and other facilities. General obligation debt instruments are "direct government obligations" and consequently are a pledge of the full faith and credit of the government. General obligation debt instruments currently outstanding, and reported in the Long-term Debt Account Group, are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
General Government	6.09%	<u>\$440,000</u>

Annual debt service requirements to maturity for general obligation debt are as follows:

<u>December 31</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
1993	110,000	23,760	133,760
1994	110,000	17,050	127,050
1995	110,000	10,285	120,285
1996	110,000	3,438	113,438
Thereafter	0	0	0
	<u>\$440,000</u>	<u>\$54,533</u>	<u>\$494,533</u>

Changes in Long-Term Liabilities. During the year ended December 31, 1992, the following changes occurred in liabilities reported in the general long-term account group:

	<u>Balance January 1</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance December 31</u>
General Obligation Debt	\$550,000	\$ 0	\$110,000	\$440,000

Legal Debt Limit. Per state statute, the Government may not incur debt at any one time in excess of 1.75 percent (1.75%) of their last locally assessed valuation as last equalized by the Commissioner of the New Hampshire Department of Revenue Administration. As of December 31, 1992, the Government had a net equalized valuation of \$881,788,112, and a legal debt limit of \$15,431,292.

NOTE 5 - DEFINED BENEFIT PENSION PLAN

Covered Employees. All of the governments full-time employees are eligible to participate in the State of New Hampshire Retirement System, a multiple employer, public employee retirement system (the "NH PERS"). The government's payroll for the employees covered by the PERS totaled \$593,728 and total payroll for the government was \$876,936.

Plan Description. Eligibility to participate in the NH PERS is granted to all full-time employees. The defined retirement benefit basically consists of an annual amount equal to one-half of average final compensation, modified by Social Security System entitlements as effective for after-65 retirements.

Contribution Obligations. Employee contributions, set by State Statute, are 5% of employee salary, except for police and fire employees, for which the required contribution is 9.3%. The government (as the "employer") is required to contribute to the NH PERS in an amount necessary to fund the system under an actuarial valuation (by the "NH PERS"). Employer contributions are based on a percent of employee salary, by employee service; such as Police, Fire and Administrative. For the year ended December 31, 1992, the contribution obligation paid by the Town was \$55,169 of which \$37,389 represents employee obligations withheld and \$17,780 represents Town (as employer) obligations.

Pension Benefit Obligation. The amount reported as benefit obligation is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and any step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure is the actuarial present value of credited projected benefits and is intended to assist users to assess the plan's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among government pension plans and employers.

The NH PERS does not determine on an individual employer basis (the "Town") the pension benefit obligation or the net assets available for benefits. The forecast valuations of the NH PERS pension benefit obligation and of the net assets available to provide for the pension benefit obligation, are made by the NH PERS Trustees.

NOTE 6 - CONTINGENT LIABILITIES

Grants. Amounts received (in the current or past years) or receivable from grantor agencies are subject in later years to audit and adjustment by grantor agencies, principally the federal and state governments. At such time,

any disallowed claims, including amounts already collected, may constitute a liability of the government and the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor, at some subsequent date, cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

Litigation. The Town, including its administrative boards, can be a defendant in various lawsuits. In litigation not relating to property tax abatement requests or tax assessments, the resolution of such matters, although not currently determinable, is not expected to have an adverse material effect on the Town. In litigation related to property tax abatement requests or tax assessment determinations, the Town, on a regular basis and in conformity with State Statutes, annually raises through taxation an amount for resolution of such matters, known as "overlay." Management believes that an adequate amount has been raised through taxation for the expected charges to the overlay account.

NOTE 7 - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town maintains commercial insurance coverage covering each of those risks of loss as indicated. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Town. Settled claims, if any, have not exceeded this commercial coverage in any of the past three fiscal years.

NOTE 8 - LONG TERM COMMITMENTS

Operating Leases - The Town has entered into various equipment leases for use in the Highway and Landfill operations. These leases are considered, for accounting and reporting purposes, to be operating leases. The leases contain annual appropriation funding clauses which provide for termination of the leases.

Ambulance Service - The town is in the final year of a three-year agreement for ambulance service with Stewart's Ambulance Service, Inc. The agreement is part of a four town negotiation (Moultonborough, Meredith, Center Harbor and Sandwich) which, in substance, seeks to allocate the total ambulance service cost to the participating towns net of any service revenues and third-party insurance proceeds.

Significant other provisions of the agreement are: the ambulance service will maintain specified levels of insurance coverage; the ambulance service shall maintain good corporate standing and the management of the ambulance service must remain intact.

Annually, the participating towns negotiate the subsequent years rates. At December 31, 1992 there remains three months at the current rates as follows:

	<u>Percent</u>	<u>Annual/Monthly Rates</u>
Center Harbor	8.84	\$ 33,804 / \$ 2,817
Sandwich	9.82	37,551 / 3,129
Moultonborough	30.38	116,171 / 9,681
Meredith	50.96	194,867 / 16,239
Total	<u>100.00</u>	<u>\$382,393</u>

Librarian's Report

With the completion of the new addition in the fall of 1991, the library has completed one year with the new facilities and has been used for many diverse programs. The new programs (two) by the New Hampshire Humanities Council were F. Scott Fitzgerald's "Great Gatsby" and the six session "The Meaning of Life" with forty attending.

Story hours are held each Wednesday with Janet Burbank and Leona Maher in charge. Mothers aid in reading, crafts and parties. A summer reading program was sponsored by the trustees with an increasing number of children participating. At the conclusion, books were awarded and Jeff Fair and Rev. Edward Charest provided the entertainment. The Science Center presented a nature program in the evening with the library filled to capacity.

A monthly Book Talk is held with many attending and enjoying the exchange of ideas and reading material.

The Friends of the Library have been very generous and helpful providing needs of the library. The latest being a new copier. They sponsored a book sale, house tour, author's luncheon, Love Your Library dinner and a Christmas tree lighting and carol sing.

Through the kindness of Harold Mohr and the Meredith Village Savings Bank, two computers have been added.

New trust funds have been established, with additions to some already established. The new funds are Martha and John Reiner, Cynthia C. Horan, Barbara M. MacPhail, Donald L. Walker, and John F. Dunlap.

Memorial books have been given in memory of Myron Chesley by Curt Chesley; George Neiss by Nancy Neiss Solomon, Martha Oliver and Adele Taylor; James Plummer by Mary and William Dunn; Donald Walker by Esther Bainton, Jessie Mitchell and Shirley Turner; Arthur Finger Jr. by Mr. and Mrs. Frank Feely; Dorothy Bagley by Fred Bagley; John Fox by Rev. and Mrs. Louis Young and Mr. and Mrs. George Bullock; Burleigh Moulton by Marcia Chase; Wilbur and Mary Dearborn by George Sanborn; Eloise Proctor by Elaine Chesley; Dr. Edward Becker by Debra Pignatelli; Barbara MacPhail by the Book Talk Group; Arthur Gleason by Josephine Gleason; Fred Chiarodonna by The Moultonborough Historical Society; George Gibson by Gertrude Colby; Duncan Van Court by Mr. and Mrs. William Morse; Gary Southard by Mr. and Mrs. Lawrence Porter Jr.

These books are recorded, families notified, donors thanked and a permanent record with obituaries (if possible).

The new addition was dedicated on July 4th with a capacity attendance.

Adele Taylor resigned as librarian after forty-seven years of service with a wonderful retirement party at the Lions Club, sponsored by the Trustees and the Friends of the Library. In December the new children's room was dedicated to her.

Nancy McCue was chosen as the new librarian.

Annual Report of the Board of Trustees

Moultonborough Public Library

1992 was a year of tremendous change in the library. It was our first full year in our expanded library. As the use of the library has continued to expand, the Trustees found it necessary to hire Patricia Colby as a summer aide for 1992.

The final details of the building project were finished in early Spring. With the arrival of warm weather, Trustee Robert Scofield, with the help of Mary and Jane Rice, landscaped the grounds. The Trustees would like to thank Meredith Gardens and Spider Web Gardens for their generous contribution of plants and shrubs.

The library has purchased two Gateway 2000 computers this year, thanks mainly to generous donations by the Moultonborough Lioness Club, the Meredith Village Savings Bank, and Mr. Harold Mohr.

The Board of Trustees would like to thank the Friends of the Moultonborough Public Library for their many donations, including tables for the children's garden, a beautiful rug for the fireplace area, funds to help purchase the new copier, a microwave, and a refrigerator, and for countless hours running their ongoing programs and activities.

The dedication of the library expansion took place during the Friends' annual book sale on July 4th. The Board of Trustees would like to thank former Trustee Chairperson Betty McNerney for speaking at the dedication.

Sadly, during the summer, our Librarian of 47 years, Adele V. Taylor announced her retirement as effective the end of the year. After consulting with Judy Kimball of the N.H. State Library, the Trustees decided to form a search committee to find a new Librarian. The Board would like to thank Patricia Lamprey, Edith Hazeltine, Phyllis Prouty, James Sutherland, and Garald Kelley for the many hours they gave advertising, reviewing some forty applications, interviewing applicants, and bringing two excellent finalists to us for the final interview.

As a result the Board was pleased to hire Ms. Nancy McCue as our new Librarian. We urge everyone to come into the Library and meet her. We look forward to working with Nancy McCue for many years to come.

The Library Trustees and the Friends of the Library held a retirement party for Mrs. Taylor in November at the Moultonborough Lions Club. Many

of Adele's friends and associates spoke. There was a special proclamation from Governor Gregg in recognition of her 47 years of service, which was presented by N.H. Executive Councilor Raymond S. Burton. The Trustees presented Mrs. Taylor with a plaque in appreciation, and announced the formation of the Adele V. Taylor Library Fund. The first donation to this fund was from the Moultonborough Lions Club, which returned the fee for the rental of their hall. The Trustees also announced the dedication and naming of the new Children's Room in honor of Mrs. Taylor. A bronze plaque was unveiled on the night of the annual Christmas Tree Lighting at the Library. It reads:

ADELE V. TAYLOR
CHILDREN'S ROOM
LIBRARIAN 1945-1992

The Trustees would like to thank everyone who has contributed time, funds, or materials to the Library during 1992.

Respectfully submitted,
Robert H. Wallace
Chairman

Friends of the Moultonborough Public Library Annual Report 1992

The "Friends" of the library have continued this past year to involve the community in a number of special programs and activities. These programs have not only provided cultural opportunities but have provided additional funds which have been used to further enhance the library.

In February the "Love Your Library" dinner was held at the "Woodshed." Seventy-five people enjoyed a delicious dinner and a musical program provided by the Lilac Chorus.

A grant from the New Hampshire Humanities Council enabled us to present a program with the American Literature class of the Moultonborough Academy in March. Patrick D. Anderson, a professor at Colby Sawyer College, discussed F. Scott Fitzgerald and "The Great Gatsby."

Over three hundred and fifty people, a record number, toured six homes and lunched at Kona Mansion during the Second Annual House Tour in June.

The July 4th book sale run by Jane and Mary Rice was, as always, a most profitable event.

Thanks to Shirley McCue and Ann Danberg, a most successful Children's Reading Program was held during the summer involving one hundred and twenty-five children. The "Friends" contributed financially and served ice cream at the awards party.

In September four New Hampshire authors presented a program at the Sweetwater Inn during the seventh annual Book and Author Luncheon, always a sellout.

Once again a grant from the New Hampshire Humanities Council enabled us to present a discussion series entitled "The Meaning of Life." It was held on three consecutive weeks during October with an average attendance of thirty-five men and women. The series was extremely well received. Dr. Nancy Crumbine, a professor of religion and philosophy at Dartmouth College was the discussion leader. Jean Young and Betty McNerny wrote the grant and organized the series.

Muriel and Frank Feeley were in charge of the annual "Christmas Tree Lighting" in December with the "Friends" providing cookies and hot cider.

In addition to these special events each month, "Book Talks" are held in the library chaired by Barbara Kelley. Jean Young and Carolyn Parsons publish the newsletter which is sent to four hundred "Friends." Susie Talbot has sold tote bags, T-shirts and sweatshirts.

Money raised by the "Friends" has enabled us to purchase a microwave, refrigerator, rug and several outdoor benches as well as to contribute one half the cost of the new copy machine.

Convinced that it is to the benefit of the library for the "Friends" and Trustees to work closely, a member of the "Friends" attends each Trustee meeting and Shirley McCue, as representative of the Trustees, attends the "Friends" board meetings. Phyllis Prouty, president of the "Friends," served as a member of the Search Committee for a new Librarian. We have assisted the Trustees in the Dedication Ceremony and in the warm and loving reception held for Adele Taylor.

Barbara Sheppard, vice-president of the "Friends," was elected to the Board of Trustees and Marguerite Gruner agreed to replace her. Susie Talbot acts as Secretary and Clayton Jones, Treasurer.

Happily the library continues to grow and there is a real need for volunteers to help during the hours the library is open.

The "Friends" welcome our new librarian, Nancy McCue, and look forward to working with her for the benefit of the library and the community.

Respectfully submitted,
Phyllis D. Prouty
President

Moultonborough Visiting Nurse Service

Board of Directors Annual Report

Our 21st year has seen a decline in patients, however, another successful year with few difficulties.

The Flu Clinic surpassed expectations immunizing 136. We are indeed pleased that more and more people are becoming aware of the importance for the vaccine.

A used wheelchair was donated by a former patient as well as a walker to add to our equipment list which provides loaners to patients for short term use. There is always a need for good used items such as canes, commodes, Canadian crutches, shower stools, monitors, etc.

Two thermoscan ear thermometers, a new hemoglobinometer and several reference manuals were purchased for use by the nurses which were costly, but essential.

We continue to offer a \$500.00 scholarship to qualified individuals of any age who plan to enter some aspect of care whether it be nursing, occupational or physical therapy, x-ray technology, laboratory technology, dietary or other related fields.

Our agency is State certified annually. We have been very fortunate to have functioned for 21 years as a basic type of professional home health nursing service, but today that is not sufficient. We have always enjoyed wonderful support from the townspeople and the town government. Not being Medicare certified we have been able to maintain our fee for those who can afford to pay \$5.00 per visit. However, now we are unable to provide the necessary care for a larger percentage of the current and potential patients.

For the past few years I have mentioned in the annual reports that we are seeing very rapid, marked changes in Home Health Care, its demand, criteria, application, management and reform. We have anticipated this movement and have, therefore, done extensive research as to how we will be affected. It is the consensus of the Board, the nurses, similar area agencies and the State that we are now faced with a very major decision - to become Medicare certified or not.

For several years we've felt the impact of other agencies which have been able to provide total care for some of our patients. Due to constraints, mainly that we are not Medicare certified, we have not been able to provide this. The major area of need is that of the Home Health Aides. All other area agencies provide 7 days per week, 24 hour on-call availability, physical therapy,

speech therapy, occupational therapy, etc. The only way we can implement the total package is through third party reimbursement.

The most simplistic explanation of this is that persons on Medicare will be able to use their benefits they're entitled to and persons on Medicaid, BC/BS, or personal insurance will be served as well within the guidelines of their insurers.

We have experienced a decline for the past two years in the numbers of patients we were able to care for. A decisive decline has been evidenced more recently which causes us concern. We must either be satisfied with this or become what is termed a "Medicare Certified Agency". In doing so we would be able to care for more persons who have third party providers. When a person is not covered by any of these they would, as always, not be denied services within the guidelines. There would be a sliding scale for those who do not meet this criteria and other outside assistance would be in place for some if necessary.

Almost daily we are having to refer many would-be patients to other agencies or not being referred by the Social Service Departments of the respective hospitals from where the patients are being discharged as they need more than what we can provide for them without third party insurers.

We have all paid into the system in one way or another whether through employment, tax dollars or personally. The benefits are there for the express purpose for those who need it. Our townspeople will greatly benefit from our implementation of such services. We will once again be able to say that we "take care of our own". The patient will no longer need to be referred to other agencies as in the recent past and, indeed, our people will be best cared for.

Our consideration of the implementation of 3rd party providers has been very difficult to accept not only by the nurses, but also those of us who have been involved with the Service for many years. We have always been proud of the methods of the Service, but now we see no other alternative than to become Medicare Certified to best serve our community. The transition will take place through the remainder of the year. The coverage and benefits will be outlined totally and available for all to review and benefit from. We are confident that we are acting in the best interest of the persons we serve and will serve in the future.

My thanks go to the entire Board, the nurses and the townspeople for all their assistance during the past year helping to keep the Service an integral part of Moultonboro.

Respectfully submitted,
Dianne L. Davis, G.N.
Chairman

Moultonborough Visiting Nurse Service

ANNUAL REPORT 1992

In the past year nurse-patient contact through home visits, office visits and blood pressure clinics totaled 2407. Home visits for 1992 were 1625.

The Visiting Nurse Service is a town service available to Moultonborough residents. The visiting nurse is able to provide nursing care in your home under the direct orders of your physician. When necessary, referrals to other community services are possible such as: homemaker, home health aide, Hospice, physical therapy, occupational therapy, speech therapy and Meals on Wheels.

The visiting nurse is available for blood pressure screening weekdays 8 a.m. to 9 a.m. at the visiting nurse office. Monthly blood pressure clinics are held at the Meredith Village Savings Bank, Moultonborough Branch. The flu vaccine clinic was held in the fall with a large attendance of 136 people. A monthly foot clinic is held at the visiting nurse office allowing more convenience for the elderly who find it difficult to get to the podiatrist office. The visiting nurse continues to assist with the monthly WIC Program for women, infants and children. The nurse monitors height, weight and hemoglobin; mothers then receive vouchers for nutritious foods and formula.

The nurses attended continuing education seminars which included: "HIV/AIDS, Case Management," "Cancer in the Elderly."

"Thank-you" is once again in order to all organizations, clubs, churches and townspeople who so generously donated food, clothing, money, mittens, toys, etc. Your contributions and efforts is what makes it all possible, many thanks for your support.

I would like to extend my thanks and appreciation to the Board of Directors and Medical Advisory Committee for your support over the year.

Many thanks to Kathryn Bevington, R.N. for all her assistance as staff nurse.

Respectfully submitted,
Debra Peaslee, R.N.

Annual Report of the Moultonborough Health Department

In 1992 the Health Department received 101 applications for septic system site approval. Of the applications, 71 were for new construction, 24 were for new systems at existing structures, and 6 were for repairs to existing septic systems. Of the 101 applications, 11 were for failed systems.

The Health Officer investigated 32 complaints in 1992, a significant increase over 1991. Fourteen dealt with alleged septic system problems, 8 dealt with water problems, 5 pertained to uncontained trash, and 5 were miscellaneous complaints. Fourteen orders to repair were issued covering failed septic systems, illegally dumped trash, and unsafe buildings.

The Health Officer was appointed Rabies Control Officer in May in response to concern about the spread of the Mid-Atlantic strain of rabies into New Hampshire. The duties of the Rabies Control Officer are to contact the victims of possible rabies exposure and advise treatment procedures, contact the owner of the offending animal and order quarantine and examination by a licensed veterinarian, keep complete records of such exposure incidents, notify N.H. Fish and Game if the offending animal is wild, have the animal trapped and destroyed if it is a stray, and follow up on post-quarantine vet exams and medical doctor visits. The Health Department sponsored a rabies vaccination clinic for dogs and cats in May. The response was excellent. We vaccinated 96 animals in a two-hour period. The Department plans to have similar clinics each spring as long as there is a need. Both of the local vets have indicated an interest in such clinics, so we plan to utilize each of them on alternate years. Anyone interested in a medical fact sheet on rabies may pick one up from the bulletin board outside the Town Clerk's office.

The Health Officer and the Board of Selectmen appointed Dave Mitchell of this town as the Deputy Health Officer. He will take over all duties of Health Officer when the Health Officer is unavailable.

The Health Officer inspected 1 day care facility and 1 restaurant in 1992. Six water samples were taken, the majority related to the water from the Redding Lane spring. Unfortunately, the water from the spring was of such poor quality that drinking it was not advised for most of the year. A sample taken in October proved potable; however, this may have been due to the cold weather. Another sample will be taken when the weather warms again.

The Wellhead Protection grant project is nearly complete. The first draft of the database is being worked on. The database consists of all the

commercial entities, including agricultural within the town; their owners, location, type of operation, and other physical features such as the existence of fuel or chemical storage tanks on site. Also included in the database are the location and owners of all the community wells in town. A community well is one that serves 25 or more households or patrons. The project should be complete and ready for local planners to use sometime in 1993.

Respectfully submitted,
Diana W. Morgan, Health Officer

1992 Planning Board Report

Well, another year gone by. Although 1992 was not as busy a year as we had experienced in the past, there were a few developments that occurred which made it an interesting year. Collectively these applications seem to indicate a slight economic recovery in the works.

Below is a synopsis of 1992 events:

SUBDIVISIONS APPROVED	6
Minor: 2	
Major: 4	
SUBDIVISIONS RESCINDED	1
SUBDIVISION AMENDMENTS APPROVED	4
2ND DWELLING APPROVED	2
BOUNDARY LINE ADJUSTMENTS APPROVED	12
BOUNDARY LINE AGREEMENTS APPROVED	1
SITE PLAN REVIEW APPROVED	5
WAIVER OF SITE PLAN REVIEW GRANTED	1
AMENDED SITE PLAN APPROVED	2

As can be seen by the re-subdivision numbers of which there were four (4) with a fifth (5th) in the works for January 1993, the development/housing picture does look brighter. These re-subdivisions are a result of previously subdivided lands consisting of a total of One Hundred Twenty-Nine (129) lots. All these subdivisions had gone through bank or personal bankruptcy and existed at the time of re-subdivision as partially completed to fully completed and approved. After re-subdivision and amendments the number of lots was reduced to Sixty-Nine (69). This reduced number of lots means all those created are larger in size, making for a better planned economic and environmentally harmonious development.

The types and results of 1992 developments are seen as points to watch and are considered in the Town's 1991 Master Plan. The Town's Master Plan has proven to be a valuable tool for future planning. Many recommendations sited in our Master Plan have come to the surface for 1992. The need for Police and Elderly Services are two (2) items currently being discussed by the Town Selectmen. The Town's municipal office and board capabilities is an ongoing subject of review. Planning Regulations and Zoning Ordinance updating is a very important part of the Planning Board's function, and again in 1992 the regulations and ordinance was a topic of many board discussions. These discussions included input from Selectmen, both Municipal Boards, Town Administrator, Code Enforcement Officer, and members of the Public. Many of these discussions surrounded problems that arose in 1991 and 1992 and will result in proposed changes for 1992 and the future. Again, many of the subjects

discussed coincided with recommendations, goals and objectives reviewed in the Master Plan, and I continue to be thankful to the many individuals who gave their time and effort to produce this valuable tool.

Lastly, I would like to note the continued efforts of all municipal boards and personnel to maintain the smooth move forward of Moultonborough's future.

Respectfully submitted,
Russell Wakefield
Chairman

Zoning Board of Adjustment

1992 Report

This year the state of the economy continues to reflect itself in the total activity before this Board. We acted on twenty-four (24) cases as compared to sixty (60) in 1991. It is worth noting here that exactly fifty percent (50%) of this activity involved Home Occupations, is this a renaissance of the 1930's?

The principal reason for the decline for Variance applications is a result of a Zoning change in March of 1991 which in effect Grandfathered the use of substandard lots. This Zoning change greatly reduced the paperwork of these lot owners and the Zoning Board of Adjustment itself.

The following listing indicates the Zoning Board of Adjustment's activity for 1992:

Variance Approved	4
Residential: 3	
Non-Residential: 1	
Variance Denied	1
Residential: 1	
Appeal of Administrative Decision Denied	1
Special Exception Granted	4
Residential (Cluster Development): 1	
Non-Residential (Commercial): 3	
Shop - The Butternut: 1	
Contracting Office: 1	
Well Drilling Office: 1	
Special Exception Denied	1
Home Occupation Granted	12
Motion For Rehearing Denied	1

The Board continues to operate in harmony and there were no new members this year as two (2) present members were re-appointed by the Selectmen.

In its continuing effort to provide a smooth path for applicants to the Land Use Boards, the Chairmen of the Zoning Board of Adjustment and the Planning Board continue to meet periodically with the Code Enforcement Officer, the Town Administrator and other departments when appropriate. In addition the Zoning Board of Adjustment from time to time as necessary interprets portions of the Zoning Ordinance that need clarification.

Once again I would like to thank all Zoning Board of Adjustment members, Planning Board members, the Board of Selectmen, the Town Administrator, the Building Inspector and Code Enforcement Officer, and Town Officials for their participation. And finally, a special thank you to Peggy Dornig, our most capable recording secretary. She continues as a valuable asset to the Land Use Boards.

Respectfully submitted,
Elliot P. Lyon
Chairman

1992 REPORT

1992 was a busy year, as our department continued its strict enforcement of all drug and alcohol-related offenses and vigorous traffic law enforcement. A rise in domestic violence crimes and increases in juvenile crimes reflected the stresses induced by the economy. The department traveled 148,339 miles patrolling the town. During the first part of the year we were fortunate to have the services of Eric Borrin, who worked with us until the first of May. Officer Borrin did a fine job, and is presently working for the Wolfeboro Police Department. Officer Arnold Lord was hired in April from the preceding hiring list of 1991, leaving one candidate on the hiring list from preceding testing process, bringing the Department up to 6 full-time Officers. Officer Lord worked for the town of Conway as a police officer for the 18 months previous to his being hired here. Arnold is married and has 3 boys, and presently lives in Tamworth, N.H. He has brought to the Department enhanced techniques in drug interdiction.

Officer Scott Kinmond completed his first year as Juvenile Officer for the Department. Officer Kinmond spent 35 hours in court and Lieutenant Sawyer spent 5 hours in court handling juvenile offenders. The Department handled twenty-nine juvenile offenders, all of whom were apprehended and processed through the juvenile court system or by juvenile diversion contracts. We feel, as do many others, that the success or failure of the criminal justice system depends upon the effectiveness in handling youthful offenders by ensuring that their first brush with the law is their last, and we try to do all we can so as to prevent their becoming hardened and chronic offenders.

The following was prepared by Officer Kinmond.

Juvenile Offenders

Burglaries	8	Possession of Narcotic Drug	4
Receiving Stolen Property	4	Criminal Trespass	2
Criminal Liability	2	Criminal Mischief	10
Possession of Alcohol	6	Assault	1
Possession of Controlled Drugs ..	3	False Report To Police	2

You will note that the figure relative to Criminal Mischief offenses is not accurate. This is due to the "Mailbox Baseball" cases, as several juveniles were charged in this matter, but an actual number of offenses could not be determined per offender. It was determined that the juveniles apprehended were responsible for 75 percent of those mailboxes damaged.

Officer Kinmond also spent 15 hours in the classroom at Moultonborough Central School in the K-5 grades, as "Officer Friendly." This program brought safety messages to the young people on topics such as bicycle safety, school bus safety and Halloween safety.

Officer Shawn Casey completed his third year with the Department, continuing the fine job of Field Training Officer, and assisting Lieutenant Sawyer with Firearms Training. Officer Casey was involved in Career Day and project Graduation (dealing with DWI Laws and alcohol-related offenses) at the Academy with Corporal Young.

Corporal Richard Young Jr. completed his third year as Drug Abuse Resistance Education instructor at Moultonborough Elementary School. Corporal Young received a certificate of appreciation for outstanding and dedicated service by the Chocorua Lodge #83 F. & A.M.

On June 16th Corporal Young received the prestigious recognition as the State of New Hampshire's 1992 D.A.R.E. Officer of the Year, which was presented by the New Hampshire D.A.R.E. Board of Directors. Needless to say, we are very proud of his accomplishments and hope the residents and taxpayers share this feeling.

We feel sad with the loss of Special Officer Richard M. Young Sr., who passed away in February. Dick's friendship, wit, intelligence and love for others is sorely missed by all of us.

Lieutenant Sawyer continued as firearms training officer and criminal investigation officer. This coming year, the department hopes to sponsor a firearms safety course for the community.

Mrs. Virginia Welch has attended a number of training sessions concerning the problems of child abuse and exploitation and will be assisting the department with investigating these types of crimes, in addition to her many other duties. We wish to thank her for her efforts in chairing our Toys for Tots Program, with which she does a great job.

Mr. Dennis Davey, our prosecutor, is continuing his fine job of vigorously preparing our cases for prosecution more effectively than ever. Mr. Davey's conscientious and hard work done in a timely manner continues to show very positive results in more guilty pleas, in spite of an increased case load of 1615 cases. Our DWI trials have included 7 cases in which the defendants refused to submit to chemical tests and therefore, our success in those cases rested exclusively on the officer's clear and convincing testimonies with respect to their probative observations, presented in the context of skillful questioning and arguing. The ratio of time spent on preparation of cases versus court time is over 15 hours to 1. Mr. Davey spent 141.5 hours in court this past year. This resulted in 6.38% of his time in court, and 93.62% of his time in case preparation, as the number of attorneys and requirements of the Court have increased.

The Wolfeboro District Court, pursuant to state law, has reimbursed the town for all 1992 fines which resulted from violations of liquor laws (RSA 179) in the amount of \$3,493.00.

The members of the Department were qualified in firearms in May and September.

In January, a class was held on Protective Services for the elderly at the Moultonborough Police Department. David Hughes, from the Department of Human Services, Division of Abuse of the Elderly, conducted the class. This class was held because of the increase in the number of incidents that our patrol officers have come in contact with elderly persons in need of services, and to aid in the cooperation between agencies for the good of our community.

In February, joint classes were held with the fire department at the main fire station. The N.H. Traffic Safety Institute conducted a 6-hour course on each day. Members of both departments attended different days. These classes were instituted to save insurance costs on the operation of the department's cruisers. Members of the Police Department who successfully completed the course are the following: Chief Woodman, Lt. Sawyer, Cpl. Young, Off. Casey, Off. Kinmond, Sec. Welch, Off. Lord, Sp. Off. Borrin, Sp. Off. M. Fullerton, Sp. Off. Woodman, Sp. Off. J. Wakefield, Sp. Off. Gagne, and Cadet Peter Beede.

On March 19, a class on HIV and AIDS was conducted at the Moultonborough Police Station by Mrs. Bev Taylor. These classes were conducted for the protection of the officers and the public, and to increase their awareness of this disease. Officers attending were: Trip Cantwell, Dennis Davey, Rich Young, Shawn Casey, Scott Kinmond, Gin Welch, Chip Sawyer, Eric Borrin, and J. Woodman.

In November, Lt. Sawyer, Gin Welch, Off. Kinmond and Off. Lord attended Criminal Investigation School conducted by the Narcotic Enforcement Officers Assn.

In March, Lt. Sawyer attended a course at Sig Firearms, a Firearms Program Development and Defensibility Seminar.

Officer Eric Borrin completed the Law Package in February at Police Standards & Training, which resulted in his full-time certification.

Officer Casey attended a Basic Law Enforcement Photography Course at New Hampshire State Police Headquarters.

Officer Casey and Gin Welch attended a course on Child Abuse Investigative Techniques. Then Gin Welch attended an Advanced Investigation School about Missing & Exploited Children Investigative Techniques. Gin also attended Uniform Crime Reporting Training.

Cpl. Young attended school in DWI Apprehension, and Seminars in D.A.R.E.

Officer Lord also attended a seminar on Cellular Communications Fraud.

Officer Kinmond was sent to an arson school concerning the investigation of fatal fires.

The number of burglaries decreased by 1, and the number of thefts decreased by 15%. Criminal Trespass complaints decreased by 1, and Disorderly Conduct complaints increased by 1 case. The number of automobile accidents decreased by 3 accidents. We feel that these decreases are due to the continued enforcement patrols and the awareness and cooperation of the citizens.

The summer was very busy. We utilized cadets patrolling the beach during the week and handling traffic at Greene's Corner on weekends.

On behalf of the Moultonborough Police Department, we would like to thank all those who assisted the community with providing donations to the Toys for Tots program, and all the individuals, businesses and organizations that contributed greatly to this effort. On behalf of the Department, we wish to thank the Moultonborough Lions Club and the Meredith Kiwanis and Masonic Lodge of New Hampshire for their generous donations in continuing their support of the D.A.R.E. program in this community. I wish to thank the citizens, the town officials, the Sheriff's Dept., and New Hampshire State Police Troop E for their continued support. I would also like to thank Corporal Buster West and Sergeant David Crawford for their fine assistance to the Moultonborough Police Department.

Respectfully submitted,
Chief James E. Woodman

Moultonborough Fire Department

1992 ANNUAL REPORT

During 1992 the Fire Department responded to 351 emergency calls, making 1992 the second busiest year in the history of the Department. There was a tremendous variety of Fire, Medical, Mutual Aid, and Rescue Calls. We responded to 57 Fire Calls, 181 Medical Emergencies, 30 Accidents, 21 Requests for Mutual Aid, and 62 Miscellaneous calls. This Fall there have been several structure fires in Town. The State Fire Marshal's Office has determined arson to be the cause of one of these fires.

In 1992, Dave Perkins retired after more than twenty years of service to the Department and Fred French retired after more than ten years of service. During 1992, Jason Bryant and Andy Bevington joined the Department as our newest members. During 1992 Bill Gillis and Jason Bryant successfully completed their training by passing the State of New Hampshire Firefighter I course. Bill Gillis also went on to complete the Career Level Firefighter Certification and to become a Nationally Registered Paramedic. Glenn Mathison became a Nationally Registered Emergency Technician. At the close of 1992 the Department has 35 active members on our roster.

During 1992 the addition to the Moultonborough Neck Fire Station was completed with much of the labor donated by Department members. Presently a committee of Department members is working on the specifications and bids for a new engine to replace Engine 4, our 1967 four wheel drive Farrar. If approved by the voters at the March, 1993, Town Meeting the new Engine will replace Engine 4 at the Neck Station. Engine 4 will be retired to forestry duty.

The membership of the Fire Department put in approximately 10,000 hours in service to the Town in 1992. The dedication and professionalism of our members is well known throughout the Lakes Region. Our members are active in many other community activities. Members participate on various Town boards and committees, as well as the American Red Cross, the Carroll County Forest Fire Wardens Association, the Fire Officers and Instructors Association of New Hampshire, the Lakes Region Mutual Fire Aid Association, the Red Hill Outing Club, and other organizations.

I would like to thank all the residents and Town officials for their assistance and support during 1992. Without your help our Department would not function successfully.

I also would like to thank the members of the Moultonborough Fire Department Auxiliary for their dedicated service to the Department. The

Auxiliary members work very hard to keep our Firefighters warm and well fed in the worst weather conditions. In addition, they have been active raising money for programs such as "Toys for Tots."

I would like to end this report with a message on fire prevention. It is New Hampshire State Law that all new construction, existing rental units, apartments, and condominiums be equipped with hard wired smoke detectors in compliance with the Fire Safety Codes of the National Fire Prevention Association. If you have any questions concerning these codes or any other fire safety problem please contact the Fire Department. Remember, SMOKE DETECTORS SAVE LIVES!

Yours truly,
Moultonborough Fire Department
Fred A. Mollins
Chief

Report of Town Forest Fire Warden and State Forest Ranger

1992 was below average for wildfires reported in New Hampshire. The largest fire occurred in May in the Town of Rumney and burned approximately 150 acres at a cost of over \$30,000.00. The cause of the fire was arson with a subject arrested at the scene. The person under arrest is suspected of setting fires in Moultonborough, Gilford and other Lakes Region towns over the past few years.

The State Forest Fire Towers reported 289 fires which burned 136 acres. The Red Hill Tower in Moultonborough spotted 420 smokes, reported 70 fires, and had 5,435 visitors sign in. Ed Maheux, our Tower Watchman, assisted State Towers 52 times, and handled five medical emergencies, while relaying numerous radio and phone calls for local police and fire departments.

Please help our town and state forest fire officials with fire prevention. New Hampshire State Law (RSA 224:27) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done." Violation of this statute is a misdemeanor, punishable by a fine of up to \$1,000 and/or a year in jail and you are liable for all fire suppression costs.

If you have any questions regarding New Hampshire forest fire laws, please contact your Forest Fire Warden, State Forest Ranger, or Division of Forest and Lands at 271-2217.

E. Sven Carlson
Forest Ranger

Fred A. Mollins
Warden

Report of the Recreation Department

The Moultonborough Recreation Department again afforded the citizens of this community varied and complete recreation activities for all ages. The Department has had to adjust and expand as the town has grown. The growth has not been without problems, but the program is a successful one.

The youth sports program continues to be a very important part of the Department and has expanded considerably. The following youth sports were offered in 1992:

Youth soccer - 163 participants grades 1-6.

Youth basketball - 164 participants grades K-6.

Youth baseball/softball - 271 participants ages 6-15.

Youth volleyball - 30 participants grades 5-6.

Youth cheerleading was offered with not enough participation to continue.

In addition to regularly scheduled games, teams in all sports except volleyball competed against teams from other communities. Moultonborough hosted the Carroll County Youth Soccer Tournament which was attended by 11 teams from Carroll County communities. In 1992, the Recreation Department assisted in the hosting of a youth basketball tournament in Moultonborough. This tournament was very successful with communities from the area competing in 2 age groups with boys and girls divisions in each. There were 19 teams participating. The tournament was sponsored by the Friends of Recreation-Moultonborough, West Coast Video and the Recreation Department. This tournament will be held in Moultonborough again in February of 1993.

The Friends of Recreation-Moultonborough group was reactivated in 1992. The Friends group is separate from the Department but is to assist the Department with fundraising activities and projects. The Friends was a sponsor for the basketball tournament, helped with the concession for the soccer tournament and held a Home Run Derby in the spring. The Friends purchased a snow blower for the ice rink in 1992 and funded the transportation for a 7-9th grade field trip.

The summer program continues to be a very successful one for the Recreation Department. The program is well attended by both year round and summer residents and is a big boost to the town. The Recreation Department offered two summer playground programs again in 1992 - the Happy Camper program for 6-8 year olds and the Playground Program for 9-14 year olds. There were 120 youngsters registered for the 9-14 year old program with an average daily attendance of just under 60. There were over 60 participants

registered for Happy Campers with an average daily attendance of 40. There was a slight increase in registration in both programs, a significant increase in daily participation in the younger program, and it remained about the same in daily participation in the older program. Parent and participant evaluations were very positive with many good suggestions for the future.

American Red Cross swimming lessons were offered again at both Long Island and States Landing beaches. There was a significant increase in participation at States Landing beach and approximately the same at Long Island beach in 1992.

Tennis lessons were offered to both adults and children with over 50 participants again this year. The annual adult mixed doubles tennis tournament that was canceled in 1991 was held again in 1992 and was very well received.

Moultonborough again hosted the North American Soccer Camp with over 40 Moultonborough youngsters receiving quality coaching from this internationally recognized program.

Adult programs throughout the year have continued to grow with co-ed activities offered in softball, basketball and volleyball. The adult participation is just under 100 ranging in age from 18 to senior citizen. The group competed in games and tournaments in volleyball and softball.

The Youth Activities Program for junior high school and high school students was reactivated in 1992. An all night Midnight Madness program was offered in the summer and programs throughout the fall included: a midnight 3 on 3 basketball tournament, a swimming trip, an open gym night and another 3 on 3 tournament. This program is a very important focus for the Recreation Department and will continue to grow in 1993.

The Recreation Department ran its 7th annual Haunted House in October and although the participation was down slightly from the record breaking 1991 year it was, again, a critical and financial success. It is really an amazing project that is made possible by many dedicated volunteers.

The Halloween party was held for the children of this community and again over 300 little "spooks" had fun and enjoyed a safe Halloween.

In the spring and again in the fall, the Moultonborough Recreation Department co-hosted a county wide Senior Celebration that offered a variety of activities for all senior citizens of the Carroll County communities. Although no Moultonborough seniors joined in the activities, the program will be offered again in 1993 and it is hoped that there will be some participation from

this community. The Department again helped sponsor the senior citizen's fall foliage bus trip in October.

Other activities offered through the Recreation Department in 1992 included the Flea Market, which is a fundraiser and a fun project. An on-going karate program for boys and girls runs throughout the school year.

The ice rink at the playground is heavily used when the weather permits. Again a thank you for the rink goes to Swede Carlson, Bill Richards, Gil Fernald and the Moultonborough Fire Department.

All recreation facilities are used by both Recreation Department programs and citizens just enjoying the out of doors. The fields, the tennis and basketball courts, the rink, the beaches all have been used heavily. Improvements to the fields were begun in 1992 and will be continued. Thanks go to Hank Letarte for his work and donating his time in improving the fields and the drainage at the playground. Also a sincere thanks goes to Wayne Richardson and his crew for all the work they have done for the Recreation facilities.

The trail committee has again met with a stalemate, but it is hoped that at least a small section of the trail can be opened in 1993.

Once again, all youth sports coaches were offered the opportunity to become certified by the National Youth Sports Coaches Association. Beginning in 1993 all youth coaches will be required to be certified by a recognized certification program. This is to offer the youngsters in this community the very best in youth sports. A very sincere thank you is offered to all the many youth sports coaches who devote an unbelievable amount of volunteer time to the children of this community. This program would not exist without them.

As in the previous years the Recreation Department was blessed with very dedicated part time and seasonal staff members. A thank you goes to Matt Hannett and all the summer counselors, lifeguards and swimming and tennis instructors for their commitment to the Department.

Again a thank you goes to the Moultonborough School District for the strong school-community relationship. Without the assistance of the school administration and staff and the use of the school facilities, the program would not be as extensive as it is.

Respectfully submitted by:
Donna J. Kuethe
Recreation Director

Report of the Moultonborough Conservation Commission

The Conservation Commission has been performing routine reviews of copies of Wetlands Board applications. It appears that activities and development have been slow this year, and these reduced activities have resulted in less community response. As a result, the Commission has received only a few complaints.

The Commission is still interested in accepting "conservation property," namely, wetland habitats that have little or no developmental use. The Commission is presently negotiating for a large parcel of wetland as a gift to the town. The Commission is willing to help draft a conservation easement for anyone interested in deeding land for conservation use or willing to set a buffer zone around a marsh, bog or pond.

The Household Hazardous Waste Clean-up Day was extremely successful this year, and we are looking forward to continued community participation in 1993.

There were a total of 44 Wetlands Board applications reviewed by the Commission in 1992. They consisted of the following: 24 docks (new/rebuild), 15 dredge and/or fill, 3 roadwork, 1 dry hydrant and 1 fire pond.

The Commission meets on the second Monday of every month in the Town Office at 7:30 p.m. Special meetings are scheduled when needed.

Respectfully submitted,
Paul Lincoln, Chairman
Charles Bollinger
Alexis Knight
John Oliver

Moultonborough Historical Society

The Moultonborough Historical Society has had a very busy and rewarding year.

The membership has remained about the same with very good attendance at all meetings. We have experienced a year of very interesting and informative programs with the intent to present information and to preserve the history of our town. Our hospitality committee deserves much credit for the delicious refreshments served at all meetings.

A committee has been formed with Fred Clark as chairman and has started cataloging each item in the buildings. This information will all be kept on file.

Another committee with the Reverend Frank Greene as chairman has been working to collect, preserve and reproduce old pictures, photos and information pertaining to the town. These are being placed in an album and carefully labeled for future posterity.

Our Annual Essay Contest was held again this year with the winners being announced at the end of the school year. Winners were David Oliver, Brian Morgan and Jonelle Quinn.

During the town's July 4th celebration our Society entered a float in the parade and won third place. The Town House and Schoolhouse Museum were also open for the celebration so people could tour the buildings and see our newest contributions.

This was the year our sizeable population of nocturnal flying mammals were invited to resume their residence elsewhere.

The year ended with an old fashioned Christmas Party, complete with a beautiful tree, a Yankee Swap and carol singing.

I would like to take this opportunity to thank all officers and committee members who helped to make this a very successful year for our Society.

It has been a pleasure to serve ten years as secretary and this past year as your president. I will be serving the next two years on the Board of Directors.

Your new president for 1993 is Robert J. Lamprey, Jr.

Respectfully submitted,
Frances A. Stevens
President

Annual Report of the Code Enforcement Department

Town of Moultonborough

1992 signaled the beginning of the economic recovery of the home building industry for Moultonborough. The sum of seventy-three dwelling units permitted was tops for the Lakes Region, and very close to the top for the State. Commercial building dropped severely, reflecting the banking industry problems, and lack of available business loans.

In 1992 the Code Enforcement Department was responsible for design, bidding, and construction supervision of the Salt Storage Building at the Highway Garage Site, and a Recycling Building at the Solid Waste Disposal Facility.

The following is a breakdown of the disbursement of permits and declared valuation.

	<u>No. of Permits</u>	<u>Valuation</u>
Single Family Homes	71	\$ 7,650,900
Two Family Homes	1	90,000
Commercial Alterations	16	167,800
Residential Alterations	200	2,264,953
Residential Garages	33	566,000
Agricultural Buildings	3	72,000
Docks & Boathouses	25	141,900
Public Buildings	2	89,000
	<u>351</u>	<u>\$11,042,553</u>

The increase in the total number of building permits is 13.6% over 1991. Increase in valuation is 9%.

Respectfully submitted,
Charles E. Litzell
Code Enforcement Officer
